Lennox® smart thermostats come appointed with:

One-Touch Away Mode easily sets back heating and cooling points to save energy

Control your comfort with a single voice command through Amazon® Alexa and Google Assistant™

Activate your system to respond to specific scenarios through If This Then That (IFTTT)

If there's a change in your routine, it adapts the heating and cooling to fit your schedule with Schedule IQ™

Set it like you want it. Feels Like™ adjusts to deliver the temperature you want to feel, rather than the temperature you set

Save energy, money and - if your energy provider offers a demand response program - receive additional rebates through the Peak Usage Monitoring feature

Control your ventilation systems through your iComfort thermostat, eliminating the need for an additional control

Control your thermostat remotely using your smartphone and the iComfort app
